

InAction Unit

CHECK OUT FORM

Interested in hosting a conversation on a sidewalk, in a mall, in front of the Federal Reserve? InAction Units are lightweight backpacks, equipped with a mat and pillow for deployment in any public/private location, for a comfortable, attractive and visible discussion!

InAction Units will be shipped flat. You, the renter, must stuff the units. Units can be stuffed using packing popcorns, plastic bags or traditional stuffing.

I agree to use InAction units in free public/private locations. I agree to a careful use of the units. I agree to return the units to Sarah Ross after use. I agree to pay for the return shipping costs.
